[Fallout 4 More Npcs](#)

Available through Nexus Mods (as seen by Siliconera) the mod means what its name says: It adds a race that resembles an anime, for use as either a player or NPC.. She nothing like the kawaii girl they expected to encounter, based on her voice over the radio.. The player form is compatible with equipment and hairstyles other than the pirate hats and hairdos (many of which clip through the body) those included with the mod.
